Quantitative

**Analysis Of** 

Candidates In The

2019 Lok Sabha

Elections

## Says

What should we keep doing?
What should we celebrate?
Where did we make progress?

"We provide data for research and analysis"

"We want

to gauge

public

sentiment"

"we manage elections and ensure transparency"

"We need accurate data to understand the dynamics of the 2019 LOK Sabha election"

A Quantitative Analysis Of Candidates In The 2019 Lok Sabha Elections

A sense of duty towards democracy and fairness.

responsible for data integrity and transparency

Thinks

Where did we have problems?
What was frustrating to us or others?
What held us back?

"How can we uncover meaningful insights from the quantitative data?"

"How can we ensure data accuracy accessibility?"

"How can we improve the election process?"

Organizes
election
maintains voter
records,and
implements
reforms".

"collects,processes,and maintains election data, and collaborates with analysts"

"consumes and discusses election analysis, relies on data for voting decisions"

## Does

What ideas do you have for future work together?
Where do you see opportunities to improve?
What has untapped potential?
